

**IN THE SPECIFICATION:**

**Please replace the paragraph beginning with page 53, line 10, with the following rewritten paragraph:**

In the formula [[(6)]] (14), reference character  $\alpha$  denotes the slope  $\Delta\text{cam}_{\text{jsl}=0}$  at the axle center position  $x$  of the wheel installation portion 5 in the finished vehicle state ( $\alpha = \Delta\text{cam}_{\text{nsl}=0} + m_0$ ). The camber angle  $y$  at the axle center position ( $x=0$ ) of the wheel installation portion 5 in the finished vehicle state in the formula (14) can be represented by the formula (15).
